SUBJECT Jim Baker Accuses William Casey

CATHLEEN SULLIVAN: The White House Chief-of-staff, James Baker, says it was William Casey who produced a briefing book belonging to President Carter's 1980 re-election campaign that ended up in Ronald Reagan's camp.

Casey is now the Director of the CIA, and says he has no recollection of that document which was used to brief then-candidate Reagan for a debate on national television with Mr. Carter.
